## Report from the Commodore

We have made it to September. The weather has been great for boating and other club events.

With the decision I made to cancel Homecoming earlier in the year due to Covid and the restrictions put in place by the state was tough. So as the restrictions changed somewhat, I thought what if we just have a small party for one night. It was only a week before the event that we got the approval to proceed.

Our party with “Mustang Sally” went very well despite all the rules we needed to follow. I was very impressed on how most everyone followed the rules. The event was at capacity for most of the night. And a giant thank you to Tony Blank for all the help and time he gave to make this a success.

I would also like to thank my 2020 Ball Committee for their time that made the reception great.

Thank you to the membership for complying with the restrictions that are in place for the clubhouse. We are all hoping that we can get back to normal operations soon.

We are also at that time of year that the yard will need help with boat pull out and shoring. So for those who are in need of hours please contact Mike DeAngelo. He is the yard Chairman.

Lady Moe and I would like to thank everyone for their support during this year’s crazy times. And it is great to see so many coming out on Fridays for the dinners that are put on by the Vice Commodore Dave Patlin.

Please stay healthy and safe.

# Report from the Rear Commodore

Rear Commodore  
Christopher Sackett

Hello BVYC

Despite the cancellation of our Homecoming a great time was had by all who came-out to the club for some live entertainment in late August. Friday night Mustang Sally rocked the Tent. What-a-Show! Sunday-Fun-Day featured soulful, solo-acoustic, singer/songwriter, Chad Hoffman (chadsolo.com). As always Chad brought his "A" game and was a big hit. A BIG thanks to ALL who made this great weekend possible!

Commodore Chuck and Lady Moe were honored at their Commodore's Cocktail Party on Saturday, August 22, 2020. It was a very nice event. Congratulations Chuck and Moe. You deserve it and much more.

**Maumee Bay State Park Club Cruise 9/18 – 9/20.** This promises to be yet another GREAT BVYC Club Cruise. We have 25 boats signed-up. We are going to fill the Maumee Bay State Park Lagoon! If you can't come by water please come by land and join us. ALL members and their families are welcome.

Color Cruise(s) – Watch for more info to be posted in the clubhouse regarding this year's Color Cruises. As we have in the past, we will be hosting and cruising... If you have never cruised up the Maumee to Indian Hill Boat Club, or if it has been awhile since you have done so, I strongly encourage you to join us. If you don't have a boat find one to jump-on (most members welcome guests aboard for day cruises).

It is GREAT to see people at the club. I would to thank everyone for doing their best to comply with the rules that have been put in place to help ensure that our club remains as safe and compliant as we can make it. Small groups and socializing that meets the established guidelines is encouraged. Please come-out and enjoy your fantastic club.

Reminder: To ensure everything runs as smooth as possible, all club private party reservations will be scheduled via the bar. We are accepting reservations but we cannot guarantee your event will be held. It will depend on the size and type of event. If you would like to make a reservation, please see Bar Manager Tony Blank or myself and we will get you on the calendar.

See you at the Club!

**Communication Avenues:** We have several ways to convey club communications such as events, flood alerts and early closings. **Email Blasts** are used for quick notifications. You will receive an email when notifications are sent out. To sign up please notify Tony Blank or a member of the Bridge. Also, remember to keep your email address updated. Our **FaceBook page** will also be used for communications. You can request to be a member of our page and you will need to visit it yourself. Our FaceBook page has current events and pictures as well as notifications regarding club functions. **<http://bvyc.org>** is our website address. You can request to have access to the member only part of the website where the Constitution and other club only correspondence resides. Also the BVYC newsletter is there too. The **BVYC Newsletter** is the slowest way to send communications. Please be sure your address is up to date. We would like as many members as possible to view it at our website to save on printing costs. Please notify Tony Blank or a member of the Bridge to opt out of the printed newsletter or sign up for any of the other avenues of communication.

## **This Summer, EPA Isn't Making It Any Easier for Boaters To Choose the Right Fuel for Their Boats**

***Harris Poll: Only 22% of consumers know that 'regular 88' fuel has more engine-harming ethanol than 87 octane fuel***

SPRINGFIELD, Va., July 14, 2020 – With summer boating season in full swing, it's now common to see recreational boats being filled up at gas stations across the country. However, making sure the right fuel gets in the boat's tank isn't always assured: 54% of consumers in a recent Harris Poll believed that the small orange E15 fuel warning label on a gas station pump isn't good enough to protect consumers. Poll respondents believe the label, about the size of a pack of gum, needs to be larger, clearer and mandatory on all gas station fuel-dispensing pumps. E15 (fuel containing 15% ethanol) is prohibited by federal law for use in recreational boat engines and voids many marine engine warranties.

"It's clear that the Environmental Protection Agency has not done enough to protect boat owners and a range of consumers," said Boat Owners Association of The United States ([BoatUS](http://BoatUS)) Manager of Government Affairs David Kennedy. "Some fuels are being marketed and sold to consumers as low-cost alternatives but without having the necessary clear warnings on the pump that highlight increased ethanol content. 'Regular 88' fuel, typically the cheapest choice at the pump, contains 15% ethanol (E15), enough to harm a vessel's motor and void the engine manufacturer's warranty. Only 22% of consumers in the Harris Poll correctly identified the fuel as E15."
