Report from the Commodore

Spring has Sprung and what a great feeling—now if it would just warm up.

WOW what a weekend, 3 buses from 3 different clubs on Saturday, All Ports, Ford Yacht Club and Seaway. I made 2 of the buses to greet them and what a great group of people. I did miss the last bus. Thank you to the family of BVYC for coming out and bringing food and greeting all the busses. Thank you to our Fleet Captain Mark Gensler for putting it all together.

Now on to the Commodore's Ball----I cannot put it into words how beautiful the room looked—very elegant and just what I wanted. I need to thank my ball committee Keith and Corky Hymore, Ken and Alberta Alexander, Doug and Erin LaLonde and Tony Blank. They were very instrumental in doing the fund raising and putting the finishing touches on the room. Thank you to Sharon Kneisel and her group for her hand in making the pre and afterglow go off smoothly and making sure we were all fed.

Thank you to all that attended to make my day a big success. As you can see the Class of 2015 is a close knit family and we all have a blast when we get together.

Mike and I have been busy attending balls and fund raisers.

Please make sure you brush up on your rules and regulations of the club as the boating season will be getting under way hopefully very shortly.

Lots of new items at the bar so come out and see what our bar manager is doing to accommodate our members

We have 2 fish fry's left March 27 and April 3, come out and enjoy.

There will be lots to do around the club to get things ready for spring and summer. It is a new year so you will need work hours. If not sure what to do please talk to Steve Cummerow and he will make sure you get your work hours in.

I am totally exhausted so I will sign off for now till next month.

Fire Extinguisher Recall

Fire extinguisher manufacturer, Kidde, is recalling nearly 5 million fire extinguishers in the U.S. and Canada. According to the Consumer Product Safety Commission, a faulty valve component can cause the disposable fire extinguishers not to fully discharge when the lever is repeatedly pressed and released during a fire emergency, posing a risk of injury. Kidde has received 11 reports of fire extinguishers that failed to discharge, but thankfully no injuries have been reported.

Thirty-one models of the disposable fire extinguishers are affected. The extinguishers are red, white, or silver with black plastic valves and ABC or BC rated. [Click here](#) to check if your fire extinguisher has been recalled.
